

WORLD'S LARGEST INSURTECH COMMUNITY

Europe

America

Asia

March

June

November

Insurtech Insights was founded to foster debate around the most innovative technology impacting the insurance industry today and tomorrow.

We bring together the most influential insurance executives, insurtechs and investors, to share their insights on how technology will shape the future of insurance.

Today, we bring together over 6,000 senior executives across our events in Europe, USA and APAC with the aim of propelling the industry forward, and helping businesses forge new partnerships and alliances.

As well as educating and connecting executives at conferences, Insurtech Insights also has a highly engaged online community of over 140,000 executives, who have a strong appetite to consume content such as blog posts, eBooks and webinars.

Global Insurtech Leaders' Summit

New York

Global Insurtech Leaders' Summit differs from other large insurtech events in the market as it's exclusively only for 800 C-level executives and C-level-1. All delegates go through a vetting process before being accepted to attend.

Insurtech Insights Asia

Hong Kong

Insurtech Insights is the biggest and voted best insurtech conference in APAC, with 97% of our (2,000) attendees recommending the event to their peers. Attended by every large insurance business in Asia, this is the one event in the continent you cannot miss.

Insurtech Insights Europe

London

Insurtech Insights hosts the largest insurance technology conference throughout all of Europe. Heading into its third year, the event is forecasting over 4,000 delegates, comprising predominantly of insurance decision makers and the most exciting insurtechs Europe has to offer.

I would rank Insurtech Insights as the top insurtech conferences for three reasons: They have great stakeholder engagement, including high profile speakers and participants at a senior executive level. They have a global network where you can meet counterparts from all over the world. And they make a lot of effort putting together timely and relevant content including key speakers that are subject matter experts in their field.

Janthana Kaenprakhamroy - CEO & Founder | Tapoly

The conference was amazing. Great venue, a lot of interesting discussions with decision makers and thought leaders from all around the world and an amazing team that was always there to help.

Max Stratmann - Chief Sales Officer | Scanbot

Insurtech Insights provides an excellent opportunity to catch the latest technology trends covering the insurance industry, as well as bring together a large number of industry thought leaders.

Amir Ghaffar - CEO | Innoveo AG

Insurtech Insights for us was outstanding. If you think about the place to meet the best insurtech leaders, customers or possible partners then this is the event for you.

Julio Pernia - CEO | Bdeo

Insurtech Insights is a must attend event for the networking that is done here. I had a great experience and met a lot of executives from both the carrier and insurtech side.

Natalie Gray - Co-founder | Cover

Webinar Series

Insurtech Insights has the world's most engaged online community of insurance & insurtech executives.

We live to serve our **150,000+** insurtech community with regular thought leadership content, the latest news, and online webinar debates, all with the aim of propelling the industry forward.

FINEOS Collaborates with Cigna Group Insurance to Develop Digital Core Suite.

FINEOS AdminSuite is an integrated core processing system that consists of absence, claims, payments, billing, policy, and provider administration, all of which are configurable to operate independently or optimally as a full core suite as part of the SaaS delivered FINEOS Platform, by the vendor's description.

"CGI has achieved an industry-first technology position with the first complete FINEOS AdminSuite implementation on the FINEOS Platform powered by AWS," comments [Matt Marze](#), CIO, Cigna Group Insurance.

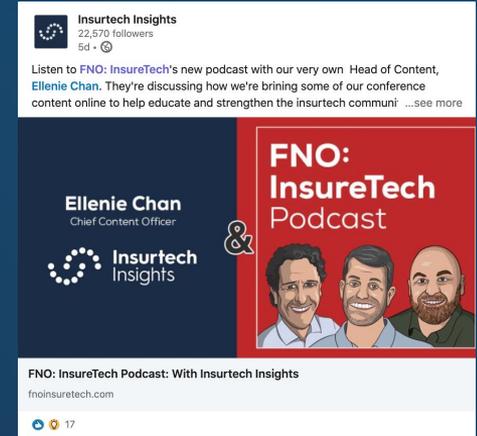

"Together we have innovated and delivered FINEOS AdminSuite as a brand new solution that enables CGI to make the most of industry and technology advances to improve their client and customer experiences," adds FINEOS CEO [Michael Kelly](#).
